## Experience

### Data Analyst

Intel Corporation – Infotree Global Solutions Outsourcing

July 2021 – June 2023  
San José, Costa Rica

- Used data filtering and cleaning techniques to ensure the quality and integrity of the information.
- Used advanced MS Excel tools, such as formulas, pivot tables and charts, to effectively analyze and visualize data.

### Data Analyst

Municipality of El Guarco

June 2021 – November 2021  
Cartago, Costa Rica

- Used the Extract, Transform and Load (ETL) process in Power BI to perform the cleaning of the data provided by the Municipality.
- Developed a dashboard with multiple visualizations to synthesize and facilitate the understanding and analysis of the Municipality's information.

### IT Consultant

Cooperativa de Servicios Múltiples de los Empleados del Banco Central de Costa Rica

February 2020 – June 2020  
San José, Costa Rica

- Identified opportunities to optimize IT processes, improving the efficiency and security of the cooperative.
- Developed the Business Continuity Plan, following industry best practices and complying with security standards.

### Data Analyst

Vice-Rectoría for Research and Extension (VIE) - Costa Rica Institute of Technology

June 2019 – June 2020  
Cartago, Costa Rica

- Analyzed data with Tableau and Power BI, providing valuable information to inform decision making.

- Performed data cleansing and transformation to ensure data integrity and accuracy, enabling more reliable analysis.

## Rectory Assistant

February 2019 – November 2019

### Rectory - Costa Rica Institute of Technology

Cartago, Costa Rica

- Provided administrative support to the rectory, ensuring the efficient flow of daily operations and the resolution of problems in a timely manner.
- Acted as a key liaison between the rectory and other university departments, facilitating effective communication and efficient coordination of activities and projects.

## Project Management Courses Assistant

February 2017 – November 2018

### IT Management Career - Costa Rica Institute of Technology

Cartago, Costa Rica

- Designed and adapted didactic materials and visual resources to enrich the learning experience.
- Evaluated students' assignments and work, providing detailed and constructive feedback to boost their academic development.

## Salesman

November 2015 – December 2015

### Rosabal Department Store

Heredia, Costa Rica

- Exceeded sales goals by building strong customer relationships and personalized recommendations.
- Demonstrated excellent product knowledge, which resulted in actual additional sales and increased revenue to the store.
